A NOTE FROM THE FOUNDERS OF SAW

Studio for Arts and Works - SAW - was started 18 years ago in 2005 as a dream to replicate the vitality and collaborative studio experience that many artists and makers originally experienced in college. Celebrating 10 years in its current location, SAW is more than a building — it is a community, which is loaded with potential, a space for artists to cross-pollinate, blossom, experiment and grow amongst an ever-changing group of motivated and like-minded souls that inspire and push each other to evolve their individual artistic visions.

SAW is also a building, formerly a mechanic shop - rough and ready, sustainably remodeled, and affordably priced - where all of the incredible work of this show is created. The structure itself is a living experiment in the reuse of non-precious space to serve artistic and community ideals through private investment that has created the SAW space that we see today.

As it continues to mature, the messy vitality and creative atmosphere of SAW remains palpable because every single day artists show up and lean into their ideas and artistic practice, contributing to a long history of professional creatives and creative professionals producing work at SAW.

Thank you all for your support of ART!

Know Your Artist, Know Your Art

Carbondale Arts believes in the power of art and we know you do, too. There is a deep connection that happens when you purchase a piece of art, and getting to know the artist makes that connection even deeper. Carbondale Arts hosts over 10 art exhibitions every year. Find some art you love and dive in.

We have launched a [“Know Your Artist, Know Your Art”](#) campaign, as Carbondale Arts works to build relationships between artists and patrons. Inspired by the Community Supported Agriculture (CSA) model of investing in local food, this Community Supported Art movement promotes the investment of local artists making a living in and around the [Carbondale Creative District](#), where Carbondale Arts makes its home.
