ROARING FORK VALLEY

STATE OF THE ARTS

The State of the Valley Arts Symposium covers the role and impact of the arts in our region.

The day will feature workshops, networking and opportunities to engage in conversations with state-level partners, including Colorado Creative Industries, Colorado Business Committee on the Arts, as well as local experts in funding for nonprofits, Latinx engagement.

We invite all organizations and individuals who are working in the arts or creative fields as well as local public officials, and advocates for economic development and social justice to bring key insights to our conversations and come away inspired and more connected.
